

embracing exchange

The project **EMBRACING EXCHANGE** aims to enhance the relations between German and Dutch designers, makers and cultural institutes. At this year's edition of Passagen Interior Design Week in Cologne, **EMBRACING EXCHANGE** presents two exhibitions at the Ruffactory location in Köln-Ehrenfeld.

SHIFTING IDENTITIES shows a sequence of maps that unveil the cultural borders between the languages of 'Limburgs' and 'Kölsch'.

CELEBRATING DIFFERENCES shows a selection of (alumni) artists and designers related to the Maastricht Academy of Fine Arts and Design. The exhibition is curated by Chequita Nahar.

EMBRACING EXCHANGE is a project by DDX (Maastricht) and PASSAGEN (Cologne). With kind support of Stadt Köln, Gemeente Maastricht and the Maastricht Academy of Fine Arts and Design.
