

FACELLA table and floor lamp

Facella is inspired by historical portable lanterns, transposed due to its reduced and strong graphical shape into contemporary times. The shade is made of mouth blown opal glass, whose matte surface makes a smooth light scattering.

High grade types of leather with German origin are used for the encasement with the bracket. They are handcrafted in traditional saddlery and bag-maker techniques and all seams are handsewn.

Facella matches elegantly with residential spaces and corresponds perfectly to any kind of interior.

Material: opal glass, leather
place of production: Germany (leather production)
Czech (glass production)
design: Oliver Schick
production: dua
Year: 2017
